

ENUMCLAW PUBLIC HIGH SCHOOLS ALTERNATIVE PLACEMENT
FOR GRADUATES WHO PLAN TO TAKE MATHEMATICS AT GREENRIVER
COMMUNITY COLLEGE WITHIN ONE YEAR OF HIGH SCHOOL GRADUATION
OR FOR RUNNING START STUDENTS.

The goal of Green River Community College is to encourage success in mathematics. Realistic placement is critical for a student's success. In addition to our COMPASS assessment, students may be placed according to the following chart:

Students who have earned a C or lower in their last math class must be placed by COMPASS.

<i>If your last math course was . . .</i>	<i>and you earned a grade of . . .</i>	<i>and you completed it within _____ of today's date: ..</i>	<i>your placement will be . . .</i>

AP Statistics	Minimum of 2 on AP test or no AP test with a class grade of C or higher		Math& 107, 141 ^(a) , Math 106 ^(b) , 147, 170 (Student may wish to meet with Math Faculty)
	4 or better on AP Test	Receive credit for Math 256. Placement in other math courses on a case by case basis.	

a Math& 141, 142, 151 and Math 147 require significant time and effort, often considerably more than the minimum of 10 hours of out-of-class study time per week normally needed for other math classes.

b Math 106 is designed as a condensed review of the topics in Pre-calculus (Math& 141 and 142). The coursework requires more than the minimum of 10 hours of out of class study time per week.

- Placement by this method expires one academic year after the student graduates from high school. The sooner the student takes his or her math class at GRCC, the better success the student is likely to have, since math skills tend to be forgotten over a period of time.
- **Please communicate to the students that if, after the quarter starts, they feel they have been placed too high, they should talk with their instructor.**
