Directions: *make a transparency of this board.

- Cover each square with a post-it note (you may have to cut them)
- Divide class into 2 teams
- Have team members choose one letter and one number, uncover that square, repeat with another square. If it's a match they score a point and get to go again. If it's not a match they lose their turn and the other team chooses.
- Be sure they do not pick up pencils and make notes! This is a memory game.
