

Enlarge these questions, then cut them up and put them into an envelope with the number on the outside. Let Ss work in small groups to make the questions. Have them copy them in their notebooks with the number from the envelope. Don't help them. When everyone is finished have Ss write the questions on the board. Correct them as a class and have Ss correct them in their notebooks. To extend the activity have Ss in pairs ask each other the questions then write an answer.

1. Why do you study English?
2. Do you like your class?
3. Is your class easy or difficult?
4. Do you feel happy or nervous in class?
5. What do you like to read in English?
6. Do you study English at home?
7. Where do you have a problem speaking English?
8. Who do you speak English with?
9. How often do you watch TV in English?
10. Do you write letters or notes in English?
