

ADJECTIVES

Adjectives are words that tell us what is special about the noun. They go in front of the noun. Or they go after the BE verb. Adjectives make our writing more interesting.

Here are some examples:

| | | |
|-----------|-------------|-----------|
| big | fast | delicious |
| cold | weird | sweet |
| yellow | interesting | scary |
| ugly | boring | proud |
| terrible | exciting | expensive |
| wonderful | stupid | tiny |

Colors can be adjectives, too, if they are in front of a noun. **blue car**

Write an adjective and a noun that go together.

| <u>Adjective</u> | <u>Noun</u> | <u>Adjective</u> | <u>Noun</u> |
