### Library Research: Finding Websites with Google Advanced Search

#### Part 1: Use Google Advanced Search to find a reliable website on your topic

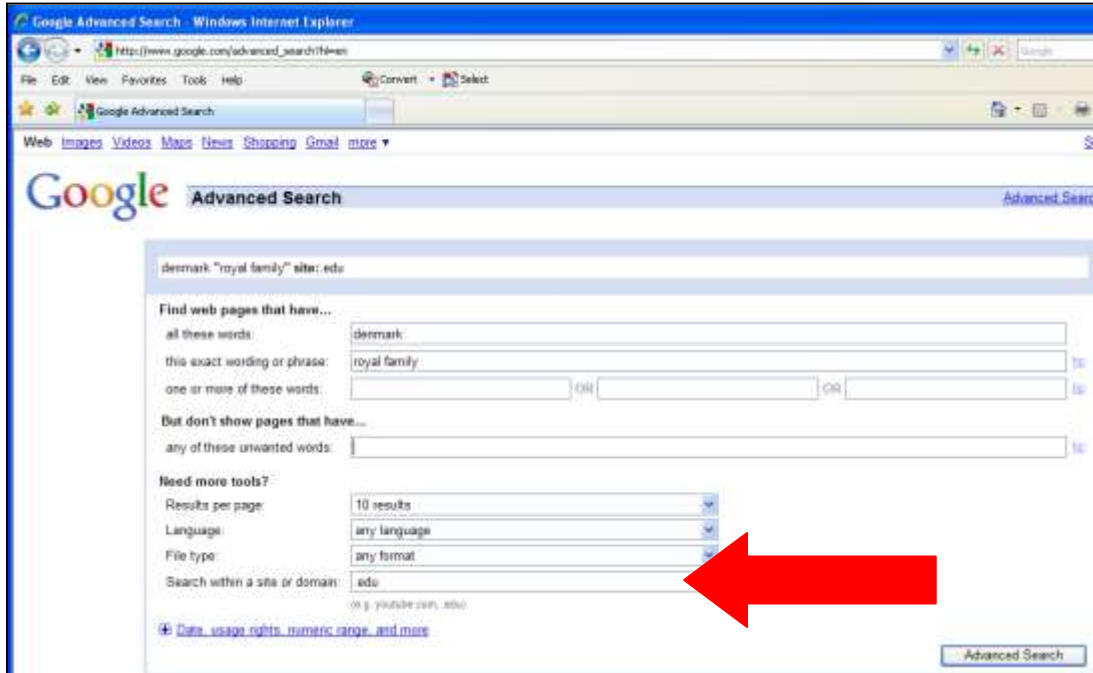

1. Open Google at <http://www.google.com>
2. Click **Advanced Search**:

3. Enter search terms (keywords) in the appropriate boxes:

4. Enter “.edu” in the **Search within a site or domain** box:

5. Search tips:

- a. Try .org or .gov in place of .edu
- b. Try related search terms
