### Part III – Introducing others – Introducing classmates to other classmates

When we meet someone new, we often introduce them to others. This is an example dialog

You: I'd like to introduce Midori. She's from Japan and she is now living in Kent.

Maria: Hi, Midori. My name's Maria. I am from Columbia, but now I live in Federal Way.

Can you think of any other way to do introductions? Please write your way here:
