Setting Up Your Account

**STEP 1**
Go to [www.wamap.org](http://www.wamap.org)
Click on **REGISTER AS A NEW STUDENT**

**STEP 2**
Enter the requested information:

**Username:** you might want to use the first letter of your first name and your full last name.
(example: jsmith for James Smith)

**Password:** be sure to write this down.

**Email Address:** be sure to use your GRCC email address.

**Notification:** be sure to check the box so that you will receive an email when new messages are posted.

When done, click on the **SIGN UP** button.

**STEP 3**
Click on **Return to Login Page**
STEP 4

Login by typing your Username and Password

**Note:** depending on which Internet browser the computer you are using has, you may have to change the accessibility options. Try using “Use Visual Display”, but if you have problems, click on HELP and try the other options.

Also note that there is a Browser Check option at the bottom. If you have trouble viewing material on WaMap, choose this option to set up your browser.

STEP 5

Sign up for your math class by typing in the Course ID and Enrollment Key that were provided by your instructor.

STEP 6

You should now see a screen showing the class that you are enrolled in. **Click on the class to enter.**

**Note:** You should also see links for Messages, Change Password, Change User Information, and Log Out

Each time you are done with WaMap, click on the Log Out option.
