Homework Assignment #1
Due Tuesday, October 3, 2006

Turn in the problems below that are listed in **bold underline**. You should do all of the problems listed below for practice, but only submit those in **bold underline**.

Section 2.1, # 3, 4, 5, 6

Section 2.2, # 1, 2, 3, 4, 5, 7, 9, 10, 11, 12, 13, 14, 15, 17, 18, 19, 20, 21, 22, 23

Homework Guidelines

You must show your work to receive full credit. Unsupported answers will receive no credit. If you are unclear as to what a particular problem is asking for, you should ask me for clarification.

Homework is to be submitted at the beginning of class. Homework submitted to my mailbox will not be accepted except by prior arrangement. All materials due must be stapled together in a single packet. (Don’t try to fold the corner of the papers to keep them together. It doesn’t work, or it becomes cumbersome to handle while grading. Use a staple.)

You may work in groups (and I strongly encourage you to do so), but you must submit your own work. You cannot appoint a ‘secretary’ to write up a single assignment for the group, and you may not submit photocopies of each other’s work.

Your work must be readable. Illegible or disorganized work is not acceptable.
